

SRT Complete Wheel Assembly

New for 2018, SRT Complete Wheel Assemblies: SRT Pro Race Team wheels, developed in the most extreme off-road racing conditions. Proven wheel assemblies that rival the most expensive race ready wheels at a fraction of the cost.

- SRT Billet Hubs made from 6061 T-6 billet aluminum for maximum durability, precise fit, and an amazing look
- SRT Rims made of light weight, super durable 7000 series aluminum, heat treated for maximum strength
- Super high tensile strength SRT spokes made from stainless steel with hardened steel nipples for more durability and strength
- Uses SRT and OEM equivalent bearings, seals, spacers, sprocket, and rotor for easy serviceability
- Preassembly Includes: rim, spokes and nipples, billet hub, bearing distance tube, bearings, seals, and two sets of spacers (Front, 22mm & 26mm; Rear, 20mm & 25mm)
- Recommended: use with SRT Pro-Line Aluminum Sprocket and SRT Brake Rotor
- Off-Highway use only
- Rim & Spoke Sizes: 18 x 2.15, 19 x 2.15, 21 x 1.6; Hub Color: Silver, Black, Orange, Blue; Rim Colors: Silver, Black, Titanium; Spoke & Nipple Color: Silver, Black

Note: Check and tighten spokes after the first 3 miles, 10 miles, and 50 miles of use

KTM/Husqvarna - Complete Wheel Assembly
